EXPERIENCE

- 4/10-Present **BARCLAYS CAPITAL** New York, NY
Vice President – Global Compliance
- Presently managing a multi-year program to design and deploy a global business intelligence platform that provides Compliance executives with best-in-class performance and risk reporting
- 9/05-4/10 **ERNST & YOUNG** New York, NY
Manager – IT Advisory Services (2007-2010)
(Earned ratings of “Exceeded” or “Significantly Exceeded” expectations on all assignments in FY09)
- Managed a 30-person, multinational project to reengineer production support operations for a leading investment bank, reducing upstream system errors by 68% and cutting support overhead by 44%
 - Directed finance and technology leaders of a global financial services firm through a successful post-merger integration program following the multi-billion dollar acquisition of a collapsed investment bank
 - Developed a leading practice IT governance model for the CIO of a Fortune 50 global bank, enabling the successful conversion to a federally chartered bank holding company
 - Drove the identification, selection, requirements analysis and architectural definition of an automated G/L account reconciliation system to be deployed globally by a newly chartered bank holding company
 - Managed the development of a knowledge transfer curriculum that facilitated a top brokerage firm’s strategic realignment of 1,000+ onshore and offshore technology roles
 - Led an effort to develop the first *EY Global Information Security Survey*, which was distributed to the CIOs, CTOs, CISOs and CROs of 20 Office of the Chairman accounts across the financial services sector
 - Served as Performance Manager for three junior team members with responsibility for annual goal-setting, performance management/evaluations and career counseling
- Senior Consultant – IT Advisory Services (2005-2007)*
- Led process and systems analyses of front, middle and back office applications supporting the trading of fixed income, equities, securitized products, foreign exchange and derivative products
 - Collaborated with operations and technology leaders of a top-tier investment bank to improve the control and operating effectiveness of a global OTC derivatives confirmation tracking system
 - Managed a 10-person team through the redesign of a government-sponsored enterprise’s (GSE) IT control environment, which helped resolve a \$5B financial misstatement and prevent subsequent misstatements
- 1/05-9/05 **MORGAN STANLEY** New York, NY
Associate – Institutional Securities Technology Audit
- Led audits of the firm’s investment banking, trading, finance and securitization systems; presented analyses, project status and final recommendations to senior management
 - Redesigned the department’s IT risk assessment methodology, improving the quality, efficiency and consistency of internal audit reviews
- 10/02-1/05 **KPMG** New York, NY
Senior Consultant – Information Risk Management
(Earned rating of “Exceptional Performer” and promoted to Senior Consultant after 2 years)
- Led the planning, execution and delivery of internal and external IT audits, SAS 70 attest engagements, Sarbanes-Oxley 404 assessments and IT advisory engagements for clients across the financial services sector
 - Redesigned a Fortune 50 health insurance company’s \$1B offshore IT outsourcing model, which reduced development rework, boosted service level achievement and enabled HIPAA compliance
 - Co-authored a white paper examining the integration of process improvement frameworks such as Six Sigma, ISO9000, Lean Thinking, the IT Infrastructure Library (ITIL) and Capability Maturity Modeling (CMM)
